February 2026

Welcome To Paradise!

Whether you *celebrate* or *hate* Veletines Day, we have something in Key West for you.

We have great dining, theater, water excursions, or just laying on the beach. For us single gals, there's plenty of fresh meat on the prowl.

Enjoy!

T

There's no denying that February is the "it girl" of the year in Key West. She has warm days and cool nights with glowy sunsets and active nightlife. She's just about perfect right now. That means every Pat, Sam and Robin are bringing their new girlfriends to the island to escape the frozen tundra of their home state - and their ex (ex's, who am I kidding).

The husbutch and I can finally touch feet at night in bed without breaking out into a full body sweat. The other night we actually sat outside and turned on our little fake fireplace (for ambiance, of course) and sat right next to each other on the chaise. Yes, we have a chaise on the porch. We're bougie like that. January was even a bit chilly - 60's -so we're enjoying every moment because it won't be long before the humidity climbs right back up and we're waving goodnight from across the bed again.

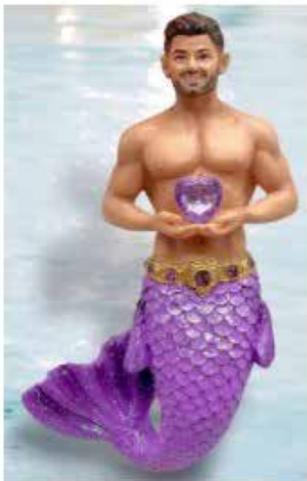

One thing that we enjoy when the weather is so fantastic that you want to walk EVERYWHERE you go, is to stroll down to the Key West Theater. Walking along the Old Town streets and only one block off of Duval is like walking through over 100 years of history. Each building has had so many lives before today and remnants of each one are still visible in old iron gates, scalloped designs in the fencing and stained glass above tall old wooden front doors. I know, I'm waxing nostalgic but I really love the history of this little rock and its inhabitants. The Key West Theatre is a phenomenal

building built in 1848 and it has been many iterations of interesting throughout its 100+ year lifespan. It has been a dance hall, concert venue and it was even originally a church in its past life. It was then renovated in a performance center which can now seat 278 guests with cocktail service upstairs AND downstairs. There are all kinds of acts that come to town to play here. Our sovereign leader, Melissa Etheridge even came and sold the whole house out! Sigh... Melissa....

The Key West Theater is drawing in all generations of ladies this month with The Linda Ronstadt Experience for the silver fox lesbians. Mary Gauthier with special guest Jaimee Harris will play the backstage listening room for the middle-aged folksy lesbian types. Big Bad Voodoo Daddies play for the swingers.. you know what I mean. Finally there's the Dave Mathews Tribute Band for the Xenial still brooding over their 1990's crush on the straight girl who is still their "best friend".. uh huh.

Theater, especially live music played in romantically beautiful old halls like this one are a great excuse to take her out on a date, dance in your seat and act a fool with your sweetheart in Key West that is NOT in a bar for once. Don't mistake me, there's plenty of drinking to be done but it's a nice change of scenery.

So if you're in our fair hamlet this February and are looking for a wonderful adult-ish night out on the town where you keep your clothes on for a change, Lez Go Out to the Key West Theatre and get our groove on. The husbutch and I will see you at the Linda Ronstadt tribute.. You're no good, you're no good, you're no good ... baby, you're no good...

LGBT Book Reviews by *Terri Schlichenmeyer*

“ARE YOU THERE SPIRIT? IT’S ME, TRAVIS: LIFE LESSONS FROM THE OTHER SIDE”

BY TRAVIS HOLP

c.2025, Spiegel and Grau | \$28.00 | 240 pages

Your dad sent you a penny the other day, minted in his birth year.

They say pennies from heaven are a sign of some sort, and that makes sense: you’ve been thinking about him a lot lately. Some might scoff, but the idea that a lost loved one is trying to tell you he’s okay is comforting. So read the new book “Are You There, Spirit? It’s Me, Travis” by Travis Holp, and keep your eyes open.

Ever since he was a young boy growing up just outside Dayton, Ohio, Travis Holp wanted to be a writer. He also wanted to say that he was gay but his conservative parents believed his gayness was some sort of phase. That, and bullying made him hide who he was.

He also had to hide his nascent ability to communicate with people who had died, through an entity he calls “Spirit.” Eventually, though it left him with psychological scars and a drinking problem he’s since overcome, Holp was finally able to talk about his gayness and reveal his otherworldly ability.

Getting some people to believe that he speaks to the dead is still a tall order but whatever, Holp indicates. Spirit helps naysayers, as well as Holp himself.

Spirit, he says, isn’t a person or an essence; Spirit is love. Spirit is a

conduit of healing and energy, speaking through Holp in symbolic messages, feelings, and through synchronistic events. For example, Holp says coincidences are not coincidental; they're ways for loved ones to convey messages of healing and energy.

To tap into your own healing Spirit, Holp says to trust yourself when you think you've received a healing message. Ignore your ego, but listen to your inner voice. Remember that Spirit won't work on any fixed timeline, and its only purpose is to exist.

And keep in mind that "anything is possible because you are an unlimited being."

You're going to want very much to like "Are You There, Spirit? It's Me, Travis." The cover photo of author Travis Holp will make you smile. Alas, what you'll find in here is hard to read, not due to content but for lack of focus.

What's inside this book is scattered and quite repetitious. Love, energy, healing, faith, and fear are words that are used often – so often, in fact, that many pages feel like they've been recycled, or like you've entered a time warp that moves you backward, page-wise. Yes, there are uplifting accounts of readings that Holp has done with clients here, and they're exciting but there are too few of them. When you find them, you'll love them. They may make you cry. They're exactly what you need, if you grieve. Just not enough.

This isn't a terrible book, but its audience might be narrow. It absolutely needs more stories, less sentiment; more tales, less transcendence and if that's your aim, go elsewhere. But if your soul cries for comfort after loss, "Are You There, Spirit? It's Me, Travis" might still make cents.

GRAY ANATOMY

I guess I always knew that Father Time would come for my nether regions. Knock on wood, the “wood” part can still get as stiff as a pine box. But, one morning while running my fingers through my pubic mane, I found him. Pubic the Gray, first of his name, founder of (what I can only assume) will be an ever-growing clan.

Now I started going bald in my early 20s. I accepted that. I’ve been shaving my head since I was 30 or 31. Never minded and never looked back. And, I’ll unashamedly admit that I dye my moustache and a few little patches of my chest hair. I don’t mind having a touch of Narcissus in me, given that I’m an excellent swimmer. But the line in the sand for me is now my “grassy knoll.” I’ve bought myself a month or two, as I plucked that treacherous weed out by the root! And, since the current bundle of gay men I’m sleeping with (a faggot of faggots, if you will) all seem to like my full Kate Bush, I’m in a quandary as to what to do when the long, white knight returns... and, most likely, with reinforcements. I could mow the lawn and call it a day. But then my faggot of faggots would be crestfallen. Not to mention the fact that shaved male genitals really just end up looking like

giblets. Especially on us mayonnaise-colored folks.

Sure, most Latino men can shave or wax their kibbles and bits and it looks gorgeous. Every hairless Mexican tamale I've seen in my many trips to Puerto Vallarta always looks like it just came from a day at the beach! Oiled up and shiny and smelling faintly of Fabuloso.

But when I shave my junk, it looks like just that: junk. And it's not like I even have that much junk to begin with! The landscaping around it was really centering the delicate sculpture in the middle of the garden.

I'm going to give dying it a try. But I also don't want it to look like Vegas-era Elvis in my crotch.

Are murkins still a thing? Anyone know a reputable pubic toupee maker?

Dear Nana,

My boyfriend is a great but isn't that romantic or into romantic stuff. He's the kind of practical guy who always tells people to just get him gift card or give him cash for birthdays and Christmas. But, for Valentine's Day I'm not going to just give him \$50 in a card. What can I do that's practical (like he likes) but still romantic?

Well, he sounds like the life of the party, to start with! Instead of a birthday cake does he just have you put an unlit candle in a Stouffer's French Bread pizza? I knew a woman once whose favorite "snack" was to eat a whole head of iceberg lettuce... just the dry lettuce, as if it was nachos. She lived to be 97 and I don't think she'd ever had an orgasm. But I digress...

Listen, you want romance and he want cash. So why not wrap a couple hundred-dollar bills around your cock and make him earn your love, and his money, the old-fashioned way? I'd advise silicone lube, though. A papercut on your back porch pussy is no joke!

Dear Nana,

I found out my brother is on OnlyFans. Actually, a friend of mine found his account and sent it to me asking if this was my brother. And it was! My brother is straight and all his videos are just jerking off and talking dirty. He apparently lets gay guys buy his underwear and socks and makes private videos for them. I don't know how I feel about all this because I know it's just queer-baiting gay men to get money from them. He loves gay men and is a very active ally. It's not like he's some MAGA douche who then also makes gay porn money on the side or anything. Do I tell him I know about this? I mean, our whole family has been wondering how he's been able to afford a nicer apartment and replace his junker of a car this past year. He just says he's doing online sales to our parents. Should I say something?

The only thing you should say to your brother is "congrats on finding work that give you more financial stability and brings a lot of people happiness at the same time." Why don't you ask your brother how much his health insurance costs went up January 1st, and you'd rather have a healthy brother who jerks off on camera, or an uninsured brother who dies from a tooth infection while working double shifts at an Arby's just to put gas in the tank of his "junker" car that doubles as his house and toilet. I swear, I've known nuns who are more sexually liberated than some of you gay boys

DO YOU HAVE PROBLEMS? OF COURSE YOU DO! WHY NOT LET NANA HELP YOU?!
